

### Longest Tenured Employee

Mr. Dawood Akhtar has been with us since the year 2000. Currently the Acting head of the Administration Department, he has seen the company through its ups and downs, and has made innumerable contributions towards its success. MOL Pakistan is proud of having such a diligent, thorough and committed team member on board.

Here's what Mr. Dawood has to say about his experience at MOL:  
"I've directed all my earnestness and dedication towards my work at MOL and strive to do the same ahead as well."

## Independence Day

For every Pakistani, the 14th of August marks the ushering in of various feelings: nostalgia, enthusiasm, patriotism, etc., and MOL Pakistan celebrates the multiplicity of these feelings by making a few special arrangements for the week. Keeping in with tradition, the "Regional Food Festival" was organized whereby the spirit of the traditional Pakistani cuisine is lived through the different culinary tastes of the five provinces. Apart from these scrumptious meals offered at the cafeteria, the premises was also decorated to exude the spirit of the Independence Day, with shades of greens and whites making the entire office a view to behold.

We would like to thank the Administration department for making yet another Independence Day memorable for us!

## Kalabagh Discovery

The latest addition to the list of successful endeavors undertaken by MOL Pakistan is the discovery of yet another exploratory well, namely Kalabagh-1A in Karak Block. MOL holds 40% shares in the capacity of a non-operator at the well, which produced around 2.5 & 4.5 MMSCFD gas and 140 & 180 bbls/day condensate from Datta and Samanasuk respectively. These initial figures promise an increase in the overall production potential by a substantial amount from yet to be tested drilled reservoirs. Needless to say, the success of the discovery is a direct upshot of the consistent hard work, determination and diligence of the entire team at MOL Pakistan & our JV Partner.

## Summer Internship Program

We offer summer internships to the students to provide learning opportunities in the E & P Sector. MOL Pakistan has always been the employer of choice for young. We have been offering internships to the students for the last 10 years. Likewise, this year we have launched MOL Pakistan Internship Program 2015. A total of 70 internees have successfully joined us this year for 6 to 8 weeks internship, from the leading universities of Pakistan. We welcome them all in our organization.

### Employee Motivation

The owner of a company tells his employees:  
"You worked very hard this year, therefore the company's profits increased dramatically. As a reward, I'm giving everyone a check for \$ 5,000."  
Thrilled, the employees gather round and high five one another.  
"And if you work with the same zeal next year, I'll sign those checks!"
