

Hungarian National Day

Hungary and Pakistan completed 50-years of diplomatic ties November this year. MOL Pakistan has been an important part of this story since last one and a half decade. We have created value around this relationship by becoming the second largest foreign E&P Company of Pakistan. The Embassy organized a National Day Reception to celebrate the 50th anniversary of the diplomatic relations between Hungary and Pakistan. The reception was very well attended; around 450 guests came from the Pakistani business sector, governmental and diplomatic circles, and many journalists representing various media outlets. The event was highlighted in media. Cake cutting also took place to mark the occasion.

Someone Somewhere

Sometimes in life we feel so blue,
But someone somewhere is not happy as you
Somewhere for at the border, when a soldier sleeps,
Missing his loved ones, he silently weeps
Somewhere a mother painfully sighs,
Her new born baby didn't open her eyes
Somewhere a poor dad silently cries,
When he sees his own son begging for a bowl of rice
Somewhere in an orphanage, a little girl is sad,
When she misses her mom and dad
So, at times a reason to smile you may not have any
Just say to yourself that you are happier than many
Because life is beautiful and it's not always blue
And someone somewhere is not as happy as you

Learn from Mistakes

Thomas Edison tried two thousand different materials in search of a filament for the light bulb. When none worked satisfactorily, his assistant complained, "All our work is in vain. We have learnt nothing." Edison replied very confidently, "Oh, we have come a long way and we have learnt a lot. We know that there are two thousand elements which we cannot use to make a good light bulb."

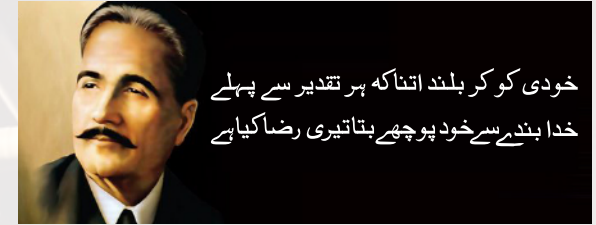

Laugh Factory

We had a tough day at the office yesterday. The computers were down and everyone had to think.

Whenever I find the key to success, someone changes the lock.

Borrow money from a pessimist -- they don't expect it back.

The best part about procrastination is that you are never bored, because you have all kinds of things that you should be doing
