

The Hungarian minister opens Khushal Garh Bridge to connect Punjab with KP

The State Minister for Economic Diplomacy Hungary, Levente Magyar along with senior officials of MOL Pakistan on Wednesday formally inaugurated Khushal Garh Bridge on Indus River to connect Khyber Pakhtunkhwa's southern district with Punjab. The new KG Bridge constructed through joint collaboration of MOL & OGDCL with NHA got necessitated after discoveries resulting in requirements of transportation of large quantities of Crude Oil to Rawalpindi and beyond. The older bridge over 100 years had design and load sustaining limitations. The new bridge is 343 meters long and allows two way light and heavy traffic both. The bridge that links KPK with Punjab has facilitated the travel between the two provinces and is likely to generate economic, trade and commercial activities.

MOL is proud of its contributions for this bridge that facilitates people -to- people contact , generates business activities and helps in an uninterrupted flow of logistics.

How to keep your kids safe online and when using phones and tablets

Children and teenagers want to use computers, smartphones, and the Internet. But they don't necessarily have the knowledge or maturity to use them wisely. Parents should keep a young child on a short electronic leash, and lengthen that leash bit by bit as the child gets older.

- limiting the amount of time kids spend in front of a screen.
- Be honest with them. Let them know that you can see where they go on the Internet, and whom they're contacting on social media.
- Talk to your children so they know what is acceptable, what sites you want them to stay away from.
- Make sure your children understand that they should never give out identifying information about themselves, friends, or family members.
- Set up your computer in a central, open location, so Internet use can be supervised.
- Create a technology "inventory." Parents should know what technologies their children are using and what those devices are capable of.

Every year we arrange Long Service-Loyalty Awards Ceremony for the staff members to appreciate and value their services by honoring them with a certificate and prestigious award who have completed their five and ten years working with boundless devotion to MOL Pakistan. This year too Long Service-Loyalty Awards Ceremony 2016 was organized. Congratulations to all these employees for being part of the MOL Family and constantly adding to our success as an organization .

Loyalty Awards 2016
