

The Energy of Positive Change!

Dear Readers,

Welcome to the November issue of the E-letter! We are happy to bring you up-to-speed with MOL Pakistan's recent happenings at the branch office and at the field. So, let us look at some of the recent highlights of last month.

► MOL PAKISTAN CELEBRATES EID MILAAD-UN-NABI

12th Rabi-ul-Awwal holds a very divine place in the hearts of the Muslim nation. This day takes them back to the memory of the One who led humanity from darkness to light and who is described as "a mercy to all the worlds" (PBUH).

MOL Pakistan celebrated the festival of the Holy Prophet's (PBUH) birthday with religious fervour and reverence. Given the religious significance of the day, Mr. Ali Murtaza Abbas, MOL Group's Regional Vice President Middle East Africa & Pakistan, hosted a grand celebration to honour the memory, sacrifice and religious contributions of the Prophet Muhammad (PBUH).

All MOL Pakistan Islamabad Office staff attended the celebration with great enthusiasm. CORA Administration outdid themselves in creating a beautiful atmosphere with fairy lights, fresh rose petals, and the perfume of Oudh permeating the fifth floor. A special cake cutting ceremony with special sweetmeats was organized to mark the blessed occasion of Eid Milaad-un-Nabi.

The ceremony started with the recitation of a melodious Naat by Ms. Ambreen Siddique from the HR Department. Mr. Ali Murtaza Abbas was then welcomed on stage to share his views in context of the Holy Prophet's (PBUH) teachings. Dr. Gabor Vakarcs, MD/CEO MOL Pakistan also shared his thoughts and touched upon the importance of the festival and celebrating peace for all.

► CPF CELEBRATES EID MILAAD-UN-NABI

Employees at the CPF were excited to celebrate the spirit of the holy occasion. The attendees were served with refreshments on the cricket ground, while exchanging pleasant stories in memory of the historical significance of the event. The executive members invited everyone to participate in the cake cutting ceremony, followed by a match of volleyball. Everyone looked forward to the opportunity to relax and took absolute advantage of the fantastic weather.

► LTI-FREE PRODUCTION OPERATIONS CELEBRATION

On November 15, 2018, MOL Pakistan celebrated the achievement of 08 years of LTI free (Lost Time Injury) free Operations. MOL Pakistan attributes this safety milestone to quality people, state-of-the-art facilities and the management's commitment to safety.

The event emphasized upon the paramount importance of health and safety of all staff members at MOL Pakistan. Mr. Moazzam Ali, Chief Engineer Process, hosted a vibrant event to honour this success at the CPF Cricket Grounds. Dr. Gabor Vakarcs, MD/CEO MOL Pakistan, and Mr. Ahmad Nawaz, COO MOL Pakistan, graced the ceremony as guests of honour. The one-day celebration included a presentation to recognize safety & security, and a variety of specialty foods for lunch and dinner.

Team building activities were also arranged at the event comprising of a Volley Ball match and Tug of War to boost the energy and enthusiasm of the attendees. Winning Captains of the Tug-of-War challenge, Mr. Aslam Hameed - Production Engineer Maintenance, and of the Volley Ball match, Mr. Ilyas Khattak - Sr. Civil Engineer P&FE, were presented with awards for their team's brilliant performances. Live streaming was arranged for colleagues who could not attend the ceremony.

Full praise for our SD & HSE team, for implementing and monitoring our HSE Management Systems, and our Production team for embracing safety first and foremost, looking after one another and keeping all safe and sound. Congratulations MOL Pakistan on a milestone well achieved!!!

► OUR GROWWVER'S PROGRESS

MOL Group invited all MOL Growwwers of 2018 at the Head Office in Budapest to provide them with an understanding of the business aspects of the upstream and downstream sectors. Presentations were arranged for the information sessions followed by the site visits to provide practical understanding. The first day was focused more on the upstream processes whilst the second day revolved more around the downstream processes of the Oil & Gas industry. Every Growwwer was provided with an opportunity to visit the Algyó E&P facility and the Danube Refinery, undoubtedly, an experience that deemed quite happening and informational for them. Souvenirs were given out to our MOL Growwwers of Pakistan for their active participation during their time at the Algyó site visit.

MOL Growwwers'18 of Pakistan were happy to express their gratitude to receive such an exposure that not only benefited them in understanding the oil and gas industry but also provided them with a platform to expand their expertise.
