MOL Pakistan donates wheelchairs to community elders in Makori Village, Tehsil Banda Daud Shah, District Karak

Over the many years, MOL Pakistan has donated numerous wheelchairs to people with disabilities in our local communities residing in our areas of operations. In February 2021, two wheelchairs were donated to community elders; Mr. Umar Zada, age 67, and Mr. Shandi Gul, age 82. Both senior citizens are taken care of by their families, and were very grateful for the wheelchairs as they were immobile without them. They felt they received a new lease on life in their old age thanks to the wheelchairs.

Unprecedented Times, Unprecedented Unity: Messages from Our Colleagues

As the whole world is faced with the crisis that is COVID-19, every one of us has been affected in some way or another. In spite of the unprecedented situation that we find ourselves in with the COVID-19 pandemic and the devastating effect it has on all countries around the world, MOL Pakistan has undertaken intensive preventive precautionary measures in protecting its most important asset, its people. The health, safety, and well-being of you and your families is MOL Pakistan's top most priority.

MOL Pakistan has responded to the crisis in a resoundingly effective way, the end result would also be to come out of the crisis equally strong. Although the economic crisis will outlive the pandemic, let us continue to support each other in prioritizing our health and wellbeing, understanding changes and adapting in the best way possible to the new circumstances. **Together we will get through this difficult time as one team, one nation!**

“With our CSR initiatives focused on the social welfare of our local communities, we are contributing to the health and education of people living in our areas of operations.
