Unprecedented Times, Unprecedented Unity: Messages from Our Colleagues

As the whole world is faced with the crisis that is COVID-19, every one of us has been affected in some way or another. In spite of the unprecedented situation that we find ourselves in with the COVID-19 pandemic and the devastating effect it has on all countries around the world, MOL Pakistan has undertaken intensive preventive precautionary measures in protecting its most important asset, its people. The health, safety, and well-being of you and your families is MOL Pakistan's top most priority.

MOL Pakistan has responded to the crisis in a resoundingly effective way, the end result would also be to come out of the crisis equally strong. Although the economic crisis will outlive the pandemic, let us continue to support each other in prioritizing our health and wellbeing, understanding changes and adapting in the best way possible to the new circumstances. Together we will get through this difficult time as one team, one nation!

MOL Pakistan's commitment to improving the standard of living of our local communities in our areas of operation

Infrastructure, such as providing our communities with paved roads and streets, is very important to the sustainable development and economic growth in our local communities, especially in remote rural areas of Pakistan where we operate. MOL Pakistan has always taken the initiative to provide durable solutions and civic amenities for our communities located in our areas of operation.

Recently, we completed the construction of paved cement concrete street with sanitation drainage in Makori Village, District Karak.

We also provided financial assistance of **PKR 50 million** for repair and rehabilitation of the Gurguri-Banda Daud Shah Road in Khyber Pakhtunkhwa.
