MOL Pakistan Establishes Garden Nursery in Margalla Block

SUSTAINABLE DEVELOPMENT GOAL 15

Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reserve land degradation and halt biodiversity loss.

MOL Pakistan recently signed a memorandum of understanding (MOU) with the Defence Complex Islamabad (DCI) in order to establish a Garden Nursery in Margalla Block. As a corporate social responsibility (CSR) initiative, the Garden Nursery will grow and maintain local fruit and flower trees for further tree plantation campaigns in our areas of operation.

With our commitment to tree plantation campaigns, we are contributing to the sustainable development of Pakistan by supporting the Sustainable Development Goals (SDGs). Likewise, we support the mandate of Pakistan's Environmental Protection Agency (EPA), partnering in the national cause for a healthier and cleaner Pakistan.
